Neuss, 13.05.2009

Dr. Wolfgang Metz has been elected new president of Creditreform International e.V.

Dr. Wolfgang Metz has been elected the new president of Creditreform International e.V. at the organisation's general membership meeting in Treves. Dr. Metz works as Managing Director of Creditreform's regional entities in the Czech Republic, Slovakia, Slovenia and Hungary. Boriss Sabitovs of Creditreform Latvia and Raoul Egeli of the Swiss Creditreform Organisation have been elected Vice Presidents

In the course of the company's world wide expansion it is the task of Creditreform International to coordinate and intensify the collaboration between the regional entities, thereby supporting its members in their international key accounts services, market monitoring and competition surveillance as well as product development and quality control. Particularly in countries in which Creditreform is not yet operating its own regional entities, Creditreform International is able to represent the company's interests on

expert conferences, congresses and at international client meetings.

Creditreform operates its own regional entities in 21 countries. The company offers credit reports and debt collection services world wide in cooperation with a network of leading international partners. In 2008, Creditreform made a turnover of 520 million €. Creditreform offers security to companies establishing and extending their world wide business relations by offering up-to-date business data and professional and efficient claim and risk management services.
